INSURANCE AND LICENSE REQUIREMENTS FOR ADOPT-A-HIGHWAY CONTRACTORS

Individuals, organizations, and businesses may adopt segments of highway and have the required adoption work performed by a professional business through contract or agreement. The Adopt-A-Highway Program refers to all businesses hired by adopters as "contractors." A contractor can be used for any adoption type. A contractor can be hired to perform all or only a portion of the adoption tasks. To set up this type of adoption, two Adopt-A-Highway Permit Applications must be submitted. One must be signed by the adopter and a second must be signed by the contractor. The contractor's permit will be referred to as a "double permit." The Adopt-A-Highway Program does not permit sub-contracting by contractors.
